Further Ex-Parte Comments of Petitioners
In Response to AT&T's Opposition for Petitioner's Motion for Summary Decision

AT&T has attempted to cover-up for its Nov 28th 1995 concession in which it accurately stated that on petitioner's traffic only transfer revenue commitments/shortfall and termination obligations do not transfer to PSE.

AT&T's cover-up however has major holes. AT&T's bogus cover-up asserts that all the other traffic only transfers, transferred plan commitments to the transferee. AT&T has therefore been requested to show evidence of this. All case evidence that has shown that plan obligations do not transfer on traffic only transfers.

Judge Bassler's has stated during oral argument that AT&T has argued that it has done tens of thousands of traffic only transfers. However AT&T can not provide any examples of traffic only transfers in which plan obligations transfer-----
because none exists.

As former long time AT&T employee Mr. Kearney has stated:

The tell tale sign of this entire case is the fact that **AT&T** **can not produce any evidence** showing that a transferee completed a new AT&T Network Services Commitment Contract to accept the increased revenue commitments that AT&T falsely claims would transfer from the transferor on a "traffic only" transfer. Plan obligations never transferred on a "traffic only" transfers and still do not today; **that is why there is NO EVIDENCE!!!!**

AT&T has been able to scam each Court and the FCC because none of the Courts or the FCC has looked at the lack of evidence provided by AT&T.

The following are emails sent to AT&T in which petitioners have requested to see all the evidence which AT&T states exists but AT&T will not provide.

The emails are in reverse chronological order.....

Dear AT&T

Where is AT&T's evidence showing traffic only transfers in which revenue/shortfall and termination obligations transfer on traffic only transfers?

Former AT&T employee Mr. Kearney asked to see the evidence in his filing.

We are all waiting for the AT&T evidence showing transferees signing new AT&T contracts for increased revenue commitments when accepting the transferors plan commitments on traffic only transfers.

Where is the evidence AT&T???

Hi Mr. Brown!

Got your message.

Its great to see you got the email!

Where is the AT&T evidence former AT&T employee Mr. Kearney asked for?

We are all waiting anxiously awaiting AT&T's response.

Sincerely,

Al Inga

Deena

Did AT&T provide you with any evidence today on its traffic only transfer theory showing revenue commitments/S&T obligations transferring?
